Analysis Summary

Account Status

- Long-standing arrears (898 days overdue)
- Minimal outstanding balance (£10.34 in fees only)
- Card currently frozen
- No PIN set on card

Transaction Patterns

- Very limited successful activity in 2023
- High volume of declined transactions
- Consistent issues with transaction limits and permissions
- Last successful repayment was February 2, 2023

Risk Assessment

- Account in arrears for extended period
- Multiple failed transaction attempts suggest potential fraud or

misuse

- Card security measures (freeze status) appropriately applied
 - Customer contact information not validated
-
